Merv inviting us all to get a pair of 🌈 gumboots and wear them with purpose. Through many years I share this. Emily will not die in vain says Merv. I concur. #ranzcog19

Merv outlining the numerous letters and deadlines Em received in her last year telling her she was no longer registered as a doctor, no longer a [@ranzcog](#) trainee with no warning, more deadlines, no warning to those caring for her. Merv Irving ya all to do better. [#ranzcog19](#)

To close the gap we need to do this genuinely. Authentically. We need to mention the mother and baby more. Hospitals and the system must invest in us as clinicians. Who is prepared to make the stand in power of vicarious trauma and proximity. Merv Keane #ranzcog19
